

# Behavioral Health

Today's behavioral health care  
doesn't feel so good...

## LESS PRODUCTIVITY

Mental health conditions are top reasons for absenteeism and lost productivity

## INCREASED COST

Increased 6% per year since 2003

## OVERALL IMPACT

BH issues increase cost of chronic physical disease by 54%

## LESS ACCESS

About half of psychiatrists & psychologists accept insurance

## MENTAL HEALTH

Less than half of moderate or severe patients receive outpatient care

Teladoc is **making it better!**

**INTEGRATED SOLUTION  
WITH TELADOC MEDICAL**

Teladoc Behavioral Health tackles the biggest problems in healthcare: **access, quality and cost**

## 24/7/365 ACCESS

Request an appointment 24/7  
BH sessions are available between 7am and 9pm in all time zones

## QUALITY

Highest quality BH care you can trust

## SAVINGS

Lower overall health care costs

# Teladoc leads the market with the industry's only comprehensive Behavioral Health solution

Patients receive convenient, quality care from in-network physicians, saving them considerable cost.

## CLINICAL QUALITY

- Fully credentialed network—experienced psychiatrists and non-MD BH providers
- Intake assessment before every interaction for consistent and ongoing measurement
- Behavioral Health protocols, guidelines, emergency procedures, and QA tailored to telehealth
- Follow up after each session—messaging, outbound nurse interactions
- Custom, limited formulary (e.g. antidepressants like Paxil) for use by psychiatrists; no DEA controlled substances

## ENHANCED ACCESS

- Patient ability to select Behavioral Health clinician and see same clinician throughout course of care
- Broadest range of options for mode of sessions (phone, online video, mobile), with targeted communications to drive awareness & utilization
- Recurring scheduling support
